

APPLICATION DEVELOPER

LOCATION: Salt Lake City, UT

TYPE OF EMPLOYMENT: Full-Time Permanent

The team is responsible for supporting this in-house application that provides exception management framework (detection, resolution and workflow tools) for users to manage exceptions detected during the course of business. This product is currently deployed across a number of business units within this client and caters to a global user base of more than 1400. While this product is actively supported, the team is responsible for building WFC (Workflow Central) - a new web based jBPM workflow platform being actively developed for new business process integrations.

The individual will work across various business user groups (sales, operations, service and compliance) & other Technology teams to implement enhancements to existing software as well as potential new business rollouts in this product & WFC. There will be an ongoing support and maintenance of existing functionalities and new functionalities rolled out.

PRINCIPLE RESPONSIBILITIES:

- Work closely with multiple user groups to define requirements for new exception processing functionality
- Working on multiple projects simultaneously coordinating with different technologists across different geographical locations
- Work on 3 tier architecture starting from user desktop (Java Swing, JSPs) to database using EJB & Business process frameworks (jBPM)
- Drive efforts to increase performance and resiliency of the software
- Share support for the application
- Function as part of a team and build relationships with other teams and peers

MUST HAVE EXPERIENCE/SKILLS:

- 3-4 years of Core Java and J2EEApplication Development
- 2-3 years of relational DB experience (Sybase/UDB, SQL programming)
- 1-2 years Perl in Unix environment development
- Self-starter; Strong Analytical Skills
- Strong Problem Solving Skills
- Highly motivated to take on new project responsibilities

HUGE PLUS:

- 1-2 years of jBPM experience
- Good communication Skills

COMPENSATION:

Depending on experience...

- 2-6 years experience, \$60K-\$80K base, \$70K-\$90K total comp
- 5-10+ years experience, \$90K-\$125K total comp

TRAINING:

- If needed - will train in NYC and then work in Salt Lake

RELOCATION:

- \$5K for relocation if needed
- Will start interview process on phone, then fly the candidate out to Salt Lake

SPONSORSHIP:

- Will sponsor if need be, but must have at least 3 years left on present status

HOW TO APPLY:

1. Please email resume in Word format to amusco@amsolutionsworldwide.com.
2. Please put your NAME, TITLE and LOCATION of this job in the email subject.

Thank you to all applicants! Only those who qualify for an interview will be contacted and more information about the client and job will be given out at that time.
