

C++/C# DEVELOPER – financial services

LOCATION: New York
TYPE OF EMPLOYMENT: Full-Time Permanent

DESCRIPTION:

This company has been working as onsite experts at many of the largest investment banks in Midtown and Wall Street since 1998. We have built a wide range of systems ranging from FX and Risk Management to Credit and Equities. If you want to get your foot in the door at an investment bank or hedge fund or you already have experience in Financial Services then we are interested in speaking with you. Our onsite consultants build innovative systems for the banks from the ground up.

- In your first 2 to 3 years at this company you can expect to work on 1 to 3 different trading systems at different banks and financial institutions in Midtown and Wall Street
- You will use technical skills to implement business requirements.
- You have an understanding and/or an interest in the Financial Services business domain and adapt applications to support additional products.
- You are bored by maintenance projects and have knowledge of the full development life cycle including agile practices.
- You communicate effectively with the appropriate business areas and levels of management.

REQUIREMENTS:

- Strong C++ experience working in a multi-threaded environment with real-time software architectures
- Proficient level of technical aptitude with C# .NET development in a commercial environment, using a range of technologies.
- Strong understanding of design patterns and best software practices.
- Necessary knowledge of SQL server and Sybase skill set.
- Strong design skills and the ability to work independently and in a team setting.
- BSC in Computer Science or a related field

COMPENSATION:

Commensurate with experience

HOW TO APPLY:

1. Please email resume in Word format to amusco@amsolutionsworldwide.com.
2. Please put YOUR NAME, TITLE and LOCATION of this job in the email subject.

Thank you to all applicants! Only those who qualify for an interview will be contacted and more information about the client and job will be given out at that time.
