

## WPF Developer with XAML

LOCATION: Boston  
TYPE OF EMPLOYMENT: Full-Time Permanent

### DESCRIPTION:

- Work with Visual Designers to implement interactive solutions to complex interaction problems with XAML code
- Transform prototypes into fully functional new interactions and animations using XAML and WPF
- Design and develop new XAML components utilizing Microsoft Blend
- Analyze current codebase to make recommendations for WPF and Silverlight compatibility while utilizing a strong best practices approach

### REQUIREMENTS:

- Experience with web technologies (XAML, HTML, CSS, etc.)
- Basic understanding of the MVVM framework and MEF
- Exposure to C# development using technologies including: C#, .NET 1.1-4.0, Web Services, etc.
- Good understanding of layout and basic user interface design principles
- Preferred experience with Microsoft Expression Blend or a similar design tool
- Portfolio showcasing a track record of creating strong XAML/WPF interactive solutions

### COMPENSATION:

Commensurate with experience

### HOW TO APPLY:

1. Please email resume in Word format to [amusco@amsolutionsworldwide.com](mailto:amusco@amsolutionsworldwide.com).
2. Please put YOUR NAME, TITLE and LOCATION of this job in the email subject.

Thank you to all applicants! Only those who qualify for an interview will be contacted and more information about the client and job will be given out at that time.
